

NOTICE AND REGULATIONS OF MYTATA INGLESE SERVICES

Associazione MyTata Inglese
Via dello Statuto n. 4
50129, Firenze

MyTata Inglese is a nonprofit association that offers a variety of services related to foreign language learning.

Membership in the association can be obtained by submitting an application form, which can be found on our website or obtained at the association's office.

The registration form must be completed in its entirety and signed by the parent or guardian who intends to become a member of the association, along with the privacy policy form. Both documents, along with a copy of the identification document, should be submitted to the association. If both parents have parental authority, the second form must be signed by both individuals.

Membership acceptance is subject to the association's approval of the application.

The payment methods and terms for the membership fee are indicated in the registration form.

Within the registration form, the applicant must indicate the desired service among the following options.

TEACHERS

MyTata Inglese connects families with a community of teachers who communicate with children exclusively in their native language.

The association organizes meetings between families and teachers even before the registration request.

Once the parent becomes a member, teachers commit to conducting weekly meetings. In the event of illness, the meeting is not canceled but only postponed.

To ensure that the service runs smoothly, both parties must communicate doctor's appointments and any exams at least two weeks in advance.

Vacation periods must be communicated by both parties at least one month in advance.

Parents and teachers must work together to ensure that children do not use mobile devices during the sessions. If necessary, the use of phones should be limited and contextualized (e.g., listening to songs).

Parents and teachers must work together to provide a dedicated space for the sessions without the presence of parents, grandparents, or other family members.

The association acts solely as an intermediary between families and teachers and does not decide on the economic and tax aspects.

To declare the teacher's activity, you can contact one of the following: a certified public accountant, the INPS, or the CAF CISL.

For insurance, we recommend contacting Parenti Tommaso at Via dei Rossi, 88, Scandicci (Florence).

The website provides a reference tariff for the costs related to the teaching service and participation in the 2020 events.
